Maggie Welby was a loving, beautiful 7 year old girl, who was taken very suddenly from her family and friends on March 24, 2005. Maggie was the ultimate "Big Sister" to Cati Beth, now 4 years old, and to her then unborn baby brother. Kelly James was born 4 weeks after Maggie's sudden death.

Maggie was a young girl full of life, and filled with dreams. She loved playing soccer and softball, as well as cheerleading and playing. She sang country music everyday; and danced in the living room, her bedroom, the shower, and even the car. Wise beyond her years, Maggie had a knack for always seeing a need in someone, and then proceeding to fill that need.

Because of Maggie's love for soccer her family and friends have put together the Maggie Welby Thanksgiving Soccer Classic so that other children may share in the same joy that soccer brought her. This event is a chance for kids to be kids, and at the same time help other children in need.
